## A Short-Title List of the Works of Plato printed in Greek in the 16th Century

Corrections and additions please mail to [dinter@dinter.de](mailto:dinter@dinter.de)

A number of entries lacks collation. I hope, these entries can be completed. Uncertain editions have question markings.

The list records 120 printings in Greek or Greek & Latin (of about 290 editions in total, including translations into Latin, French [c 38], Italian [c 7], and English [1]), contrasting with some 750 printings in Greek or Greek & Latin of Aristotle (of about 1400 in total including translations into Latin, French [c 19], Italian [c 35], English [c 7], German [c 19, Problemata only], and Spanish [c 7]).

### Bibliographies:

|                     |  |
